MEMORANDUM FOR: Chairman, Clandestine Technical Collection Panel

FROM: Director of Central Intelligence

Thanks for your response to my request for concise information about what the panel is doing, how well it is doing, and how it might do better. I'd like to get a more concrete idea of what this panel is all about. Could I see the minutes or whatever records there are of the problems addressed by this panel heretofore. Also, how are the other directorates responding to the panel's request that each directorate identify appropriate technical collection projects that might be appropriate for review by the panel?
